Table of Contents

Chapter One - Euclidean Three Space

- 1.1 Introduction
- 1.2 Coordinates in Three-Space
- 1.3 Some Geometry
- 1.4 Some More Geometry--Level Sets

Chapter Two - Vectors--Algebra and Geometry

- 2.1 Vectors
- 2.2 Scalar Product
- 2.3 Vector Product

Chapter Three - Vector Functions

- 3.1 Relations and Functions
- 3.2 Vector Functions
- 3.3 Limits and Continuity

Chapter Four - Derivatives

- 4.1 Derivatives
- 4.2 Geometry of Space Curves--Curvature
- 4.3 Geometry of Space Curves--Torsion
- 4.4 Motion

Chapter Five - More Dimensions

- 5.1 The space \mathbb{R}^n
- 5.2 Functions

Chapter Six - Linear Functions and Matrices

- 6.1 Matrices
- 6.2 Matrix Algebra

Chapter Seven - Continuity, Derivatives, and All That

- 7.1 Limits and Continuity
- 7.2 Derivatives
- 7.3 The Chain Rule

Chapter Eight - $f: \mathbb{R}^n \rightarrow \mathbb{R}$

- 8.1 Introduction
- 8.2 The Directional Derivative
- 8.3 Surface Normals
- 8.4 Maxima and Minima
- 8.5 Least Squares
- 8.6 More Maxima and Minima
- 8.7 Even More Maxima and Minima

Chapter Nine - The Taylor Polynomial

- 9.1 Introduction
 - 9.2 The Taylor Polynomial
 - 9.3 Error
- Supplementary material for Taylor polynomial in several variables.

Chapter Ten - Sequences, Series, and All That

- 10.1 Introduction
- 10.2 Sequences
- 10.3 Series
- 10.4 More Series
- 10.5 Even More Series
- 10.6 A Final Remark

Chapter Eleven - Taylor Series

- 11.1 Power Series
- 11.2 Limit of a Power Series
- 11.3 Taylor Series

Chapter Twelve - Integration

- 12.1 Introduction
- 12.2 Two Dimensions

Chapter Thirteen - More Integration

- 13.1 Some Applications
- 13.2 Polar Coordinates
- 13.3 Three Dimensions

Chapter Fourteen - One Dimension Again

- 14.1 Scalar Line Integrals
- 14.2 Vector Line Integrals
- 14.3 Path Independence

Chapter Fifteen - Surfaces Revisited

- 15.1 Vector Description of Surfaces
- 15.2 Integration

Chapter Sixteen - Integrating Vector Functions

- 16.1 Introduction
- 16.2 Flux

Chapter Seventeen - Gauss and Green

- 17.1 Gauss's Theorem
- 17.2 Green's Theorem
- 17.3 A Pleasing Application

Chapter Eighteen - Stokes

- 18.1 Stokes's Theorem
- 18.2 Path Independence Revisited

Chapter Nineteen - Some Physics

- 19.1 Fluid Mechanics
- 19.2 Electrostatics
