Wayne, I think we should have a memo from you or me to all the parties to this issue, outlining the steps we agreed to Friday but also setting a direction so as to reduce the uncertainty about outcomes and making it clear to George Slayton (the retired GTAA sponsor who is the most vocal in opposing this) that the note he sent after last week's unfortunate meeting with Dave is not really operative (his note says everything is fine, they got insurance and can have half the space!). Since you asked Gary to talk to the students, perhaps he can draft the note. Thanks

Chuck, Steve and Paul, a number of us met this morning to discuss the Barbell Club and the Volleyball Locker Room Project. One of the steps to be taken is to do a study of the Volleyball Locker Room Space Needs and the space currently occupied by the Barbell Club to further ascertain the space needs and the modifications that need to be made to the space to provide the Volleyball team with quality locker room accommodations. Please identify an internal team to undertake this study and provide a report to us by early next year, preferably in January. Chuck, please take the lead in setting this up. Thanks
