Homework due and reading quiz on 01/17/19

1. Read Chapters 1 and 2 of Sompayrac

2. Watch the Khan Academy video on viruses (you do not need to read the accompanying articles which I mistakenly believed were videos) www.khanacademy.org/science/biology/biology-of-viruses/virus-biology/v/viruses

3. Is a virus living or dead? (argue one way or the other)

4. Approximately how many viruses are in and on you?

5. Why don’t the viruses in 4. make us sick?

6. Can viruses be beneficial?

7. How does replication of viruses differ from replication of bacteria?

8. Review chapters 7.1-7.4 of the Brannan & Boyce ODE textbook. The first quiz will not contain this material.
