Let me get this straight... 

We're going to be "gifted" with a health care plan we are forced to purchase and fined if we don't,

Which purportedly covers at least ten million more people, without adding a single new doctor, but provides for 16,000 new IRS agents,

written by a committee whose chairman says he doesn't understand it,

passed by a Congress that didn't read it but exempted themselves from it,

and signed by a President who smokes,
with funding administered by a treasury chief who didn't pay his taxes,

for which we'll be taxed for four years before any benefits take effect,

by a government which has already bankrupted Social Security and Medicare,

all to be overseen by a surgeon general who is obese,

and financed by a country that's broke!!!!!!

'What the hell could possibly go wrong?'
