Re: New Course Petition

Please consider the attached course, PUBJ 8000, for approval. In consultation with the Registrar’s office we are submitting this course to maintain status for those students who are in the Joint Georgia Tech-Georgia State Doctoral Program in Public Policy, but whose home institution is Georgia State. Those students will register for this course for the same number of hours that they are taking in the program. The course has no credit, no cost, and is used for administrative purposes only. Please let me know if I can be of any assistance in your evaluation of this proposal.
